

Setting Up the Reminder Service for Important Dates

- Hotmail can be configured to send you reminder messages on certain days.
- This could be helpful to remind you of an important meeting you have.
- To use the reminder service click on *Reminders* when you are in your in-box.
- Then click on *Create*.

- Once you have filled in all the fields click *OK* and Hotmail will send you this reminder on the date(s) you specified.
